About Us

Assent Advisory Group (AAG) assists the United States Public Sector in achieving their complex set of goals and objectives. As government agencies face increased scrutiny as stewards of taxpayer dollars, and are asked to do more with less, AAG brings decades of relevant management consulting experience to assist government agencies in navigating and fulfilling their agency specific mission.

AAG has extensive experience in DoD Financial Management (FM) Subject Matter Expertise; Information Technology (IT); Cyber Security; Enterprise Program Management; Continuous Process Improvement; DoD Audit Lifecycle Support and Sustainment; Enterprise SharePoint Solutions Development; Operational and Strategic Planning; Enterprise Change Management; and Governance Strategy.

AAG is an 8(a) certified, Service-Disabled Veteran Owned Small Business (SDVOSB), located in Hampton Roads, Virginia.

Experience Highlights

Military Sealift Command (MSC)

AAG supports MSC's Comptroller Directorate in providing Financial Management (FM) support and Financial Improvement and Audit Readiness (FIAR) to improve the accuracy, reliability, and timeliness of MCS's financial data and establish an effective financial internal control environment

- Managers' Internal Control Program (MICP) development.
- Corrective Action Plans (CAPs) development.
- Statement of Budgetary Resources (SBR) sustainment.
- IT Systems / FISCAM audit readiness.
- Notice of Findings and Recommendations (NFR) resolutions.

Naval Facilities Engineering Command Mid Atlantic (NAVFAC MIDLANT)

AAG provides NAVFAC FM and Data Management to assist NAVFAC in business process and transformation efforts that support the Comptroller in satisfying their overall operational objectives.

- Standard Accounting, Budgeting and Reporting System (SABRS) and Central Financial Management System (CFMS) accounting support.
- Budget execution and analysis support.

Department of the Army (Army)

AAG assists the Independent Public Auditing (IPA) firm in conducting the external audit of the Army. AAG performs audit tasks under the direct supervision of the IPA in accordance with the standards applicable to financial audits contained in Government Auditing Standards.

- General Informational Technology Controls (GITCs) audit.
- Root cause analysis determination.
- Notice of Findings Recommendations (NFRs) development.
- Control deficiencies and weaknesses identification.
- Working papers to document development.

United States Marine Corps (USMC)

AAG provides USMC FIAR support, Program Management (PM) Support, FM and Accounting Operations and Systems Support. AAG possesses comprehensive knowledge of USMC's financial processes, MICP, internal control environment, and guidance and directives to assist in USMC in obtaining and maintaining a clean external audit opinion.

- Financial Improvement and Audit Readiness program support.
- Program management support.
- Project management.
- Financial management and accounting training.
- Financial management and accounting operations.
- Financial statement preparation.

Commander, Task Force Six Eight (CTF68)

AAG assists CTF68 in managing Fleet operations and exercises through staff integration. AAG specializes in operations and logistics planning functions that enable CTF68 to meet theater and campaign objectives.

- Current and future operations management.
- Logistics management and theater movement planning.
- Fleet exercise planning, including logistics support.
- Contingency and future plans support.
- Navy planning process and operational planning team support.

United States Air Force

AAG provides support to effectively enhance and sustain the Air Force FMFC Quality Assurance Program (QAP), including Accounting and Financial Services functional support, and automated SharePoint solutions.

- Program Management.
- SharePoint solutions development and sustainment.
- Deficiency Remediation and Tracking.
- Change Management.
